✦ HOW IT WORKS

Live in an afternoon.

No data team required. If you can write a goal, you can set up Fluxboard.

01
Connect your sources
Sign in to Stripe, HubSpot or your warehouse. Fluxboard maps the common metrics for you.

02
Write goals in plain English
"Grow weekly actives to 60k." Pick the metric, set the target, assign an owner. Done.

03
Share one link
Pin the board in Slack or on a TV. Everyone sees the same live numbers, all quarter.

2,300+ teams running their quarter on Fluxboard

6 hrs saved per manager, per week, on reporting

94% of owners check in weekly, vs 41% before

60s from a deal closing to the board updating

✦ CUSTOMERS

Fewer status meetings. Better quarters.

"We killed our Monday metrics meeting in week two. The board just tells us where we are, and we spend the hour on what to do about it."
HL Hana Lindqvist
COO, Northwind Logistics

"I used to spend Thursday nights copying numbers into slides. Now the board deck is a Fluxboard link."
MO Marcus Oyelaran
Head of Ops, Kestrel Health

"Engineers finally see how their work moves revenue. That alone changed how we plan sprints."
SC Sofia Castell
VP Engineering, Bramble
