SaaS

Fluxboard

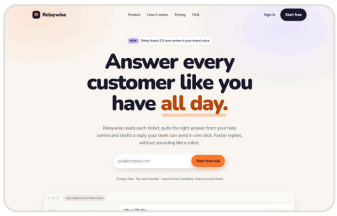

Launch site for a real-time OKR and team analytics platform, with a live dashboard in the hero.

SaaS

Payroute

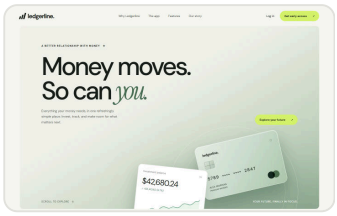

Invoicing and global payments for agencies, with an invoice that pays itself on screen.

SaaS

Relaywise

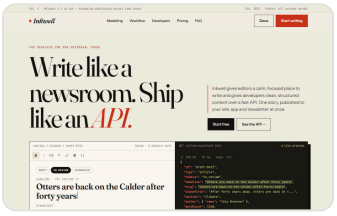

AI-assisted support inbox, shown with a reply that drafts itself in the hero.

SaaS

Ledgerline

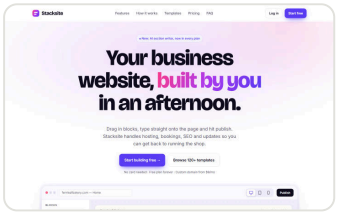

An investing app reimagined so money finally makes sense to everyday users.

CMS

Inkwell

Headless CMS for editorial teams. Edit a headline and watch the API response update live.

CMS

Stacksite

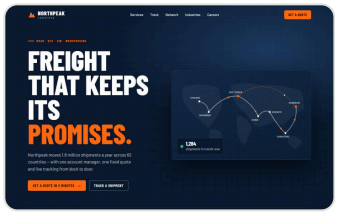

No-code website builder and CMS for small businesses, with a working drag-and-drop preview.

Websites

Saffron & Salt

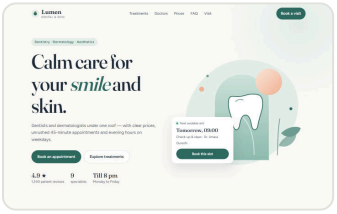

Restaurant website with tabbed menus, live opening hours and table reservations.

Websites

Northpeak Logistics

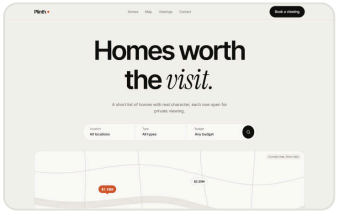

Corporate freight website with an animated route map, shipment tracking and quote builder.

Websites

Lumen Clinic

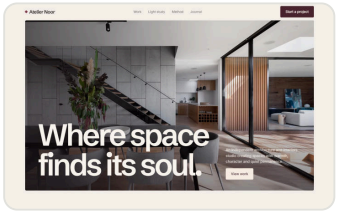

Dental and skin clinic site with treatment filters and an online appointment booker.

Websites

Plinth

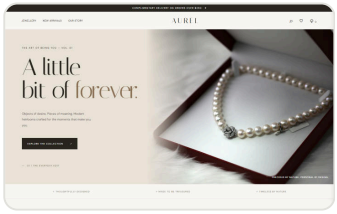

Real-estate site for homes with character, with map search and private viewings.

Websites

Atelier Noor

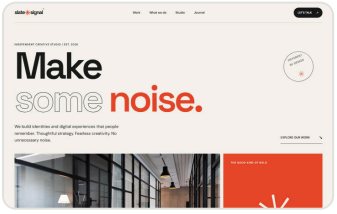

Editorial portfolio for an architecture and interiors studio.

Websites

AUREL

Luxury fine-jewellery storefront designed to feel as considered as the pieces.

Websites

Slate & Signal

Bold, type-led website for an independent creative studio.

Websites

Marketing sites, e-commerce and corporate websites

SaaS & product

Landing pages, dashboards and product UI

CMS

Content platforms editors can run on their own

Brand & UI/UX

Identity, design systems and prototyping
