PRODUCT

## Everything between *"sent"* and "paid."

Three tools that work together, so your money moves as fast as your work.

Invoices Payments Wallet

### Invoices clients pay on the first read.

Turn a proposal or timesheet into a branded invoice in under a minute. Payroute sends polite reminders on your schedule, so you never write "just following up" again.

- ✓ Your logo, colors and payment terms
- ✓ Automatic reminders at 3, 7 and 14 days
- ✓ Deposits, milestones and retainers

HOW IT WORKS

## Paid in three steps. *No chasing.*

*i.*

### Create the invoice

Start from a template, a timesheet or last month's invoice. Pick the client's currency.

*ii.*

### Client pays their way

They get a clean payment page with card, wallet and local bank options. No account needed.

*iii.*

### Money lands locally

Funds arrive in your bank in your currency, usually within two business days.

CUSTOMERS

## Studios that stopped *chasing*.

"We bill clients in six currencies. Before Payroute, a third of our week went on reconciling wires. Now invoices get paid, the books match, and nobody on the team has to ask twice."

IM **Inês Marques**
Founder, Oakridge Studio · Lisbon

"My US clients pay by ACH, I get pounds two days later. It's the first tool that made freelancing abroad feel normal."

TB **Tom Bexley**
Freelance product designer

"Automatic reminders cut our overdue invoices from 23 to 4 in one quarter."

AK **Amara Kwesi**
Ops Lead, Field&Form
