Sourdough, baked at 5am.

Small-batch loaves and pastries in Old Market Street. Order by 9pm, collect warm.

"The cardamom buns sell out by ten. Worth the alarm." — Local Eats

Powering 48,000+ small business websites, including

Northpine · Maison Lune · Brightwell · OSTRA DENTAL · Kilnhouse · Juniper & Co.

Features

Everything a small business site needs. Nothing it doesn't.

One editor for your pages, products, bookings and blog — with the boring technical bits handled for you.

Drag-and-drop blocks

60+ pre-designed blocks that snap into place and stay on-brand. Edit text right on the page.

A CMS that makes sense

Menus, team pages, listings and blog posts live in simple collections your staff can update.

Bookings & forms

Take appointments, table bookings and enquiries with reminders by email and SMS.

SEO on autopilot

Fast pages, clean markup, sitemaps and Google Business sync. Scored and fixed before you publish.

Sell online

Add a shop with up to 500 products, gift cards and local pickup. 0% Stacksite transaction fees.

Hosting that just works

Free SSL, daily backups and 99.98% uptime on a global CDN. Roll back any change in one click.

How it works

From blank page to booked out in three steps.

01

Pick a starting point

Answer four questions about your business and get a draft site with your name, services and colours already in.

≈ 2 minutes

02

Make it yours

Swap blocks, add your menu or price list, and upload photos from your phone. Every layout works on mobile by default.

≈ 1 afternoon

03

Publish and grow

Connect your domain, turn on bookings and watch visits, enquiries and sales from one simple dashboard.

1 click

Small teams, real results. Here's the last twelve months.
